in this new book on the rise of commercial black mega churches  
mary hinton examines the rich legacy of the historic black  
church from the dual perspectives of theology and religious

education she explores the new religious models emerging from the tradition of the historic black church and questions whether they are continuing to operate and practice according to the wisdom of this unique form of american religion two mega church ministries those of t d jakes and creflo dollar are examined in detail with regards to how they align with black church religious history hinton concludes by proposing that the fastest growing religious phenomenon within and outside of the black community in the united states the mega church should no longer be analyzed based on size alone instead hinton urges readers to consider the ecclesiastical structures of churches in making appropriate assessments in determining should and should not be classified as a commercial church

this 2 volume set within the sage reference series on leadership tackles issues relevant to leadership in the realm of religion it explores such themes as the contexts in which religious leaders move leadership in communities of faith leadership as taught in theological education and training religious leadership impacting social change and social justice and more topics are examined from multiple perspectives traditions and faiths features benefits by focusing on key topics with 100 brief chapters we provide students with more depth than typically found in encyclopedia entries but with less jargon or density than the typical journal article or research handbook chapter signed chapters are written in language and style that is broadly accessible each chapter is followed by a brief bibliography and further readings to guide students to sources for more in depth exploration in their research journeys a detailed index cross references between chapters and an online version enhance accessibility for today s student audience

religion today is in competition with the leisure and entertainment industries gen y the postmodern generation is open to spirituality but most of todays young adults have not been born into faith communities where they feel any lasting allegiance studies suggest that for the young belief in god is an optional matter a virtual consumer choice as a result different trends in worship and worship styles are offered by different churches to suit lifestyles attitudes and personal taste

explores how the church has engaged and should engage the american context what might faithful and meaningful christian witness look like within our changing contemporary american context after analyzing contemporary challenges and developing a missiologial approach for the us church craig van gelder and dwight zscheile reflect on the long complex and contested

history of christian mission in america five distinct historical periods from the beginning of the colonial era to the dawn of the third millennium are reviewed and critiqued they then bring the story forward to the present day discussing current realities confronting the church discerning possibilities of where and how the spirit of god might be at work today and imagining what participating in the triune god s mission may look like in an uncertain tomorrow

this international and interdisciplinary handbook offers a comprehensive and an in depth overview of contemporary research theory and practice in the geographies of religion in various parts of the world and with different populations the book showcases the major theoretical interventions in the field and the debates about the existential constitution of sacred space and what this means for secularization it outlines the most significant geographical themes related to these new developments with their implications for how to think about landscapes space bodies and worlds the book also discusses the future of the field especially in the realms of encounters and ethics economies and markets institutions and organisations movements and migrations and media and mediums it also offers views from disciplines outside of geography including from sociology anthropology religious studies and media and communications which demonstrates the contributions of geographers of religion to wider intellectual conversations and debates

the cultural conflict that increasingly divides american society is particularly evident within protestant christianity liberals and evangelicals clash in bitter competition for the future of their respective subcultures in this book james wellman examines this conflict as it is played out in the american northwest drawing on an in depth study of twenty four of the area s fastest growing evangelical churches and ten vital liberal protestant congregations wellman captures the leading trends of each group and their interaction with the wider american culture he finds a remarkable depth of disagreement between the two groups on almost every front where evangelicals are willing to draw sharp lines on gay marriage and abortion liberals complain about evangelical self righteousness and disregard for personal freedoms liberals prefer the moral power of inclusiveness while evangelicals frame their moral stances as part of a metaphysical struggle between good and evil the entrepreneurial nature of evangelicalism translates into support of laissez faire capitalism and democratic political advocacy liberals view both policies with varying degrees of apprehension such differences are significant on a national scale with implications for the

future of american protestantism in particular and american culture in general both groups act in good faith and with good intentions and each maintains a moral core that furthers its own identity ideology ritual mission and politics in some situations they share similar attitudes despite having different beliefs attending church services and interviewing senior pastors lay leaders and new members wellman is able to provide new insights into the convenient categories of liberal and evangelical the nature of the conflict and the myriad ways both groups affect and are affected by american culture

explores the origins development influence and interrelations of the many faiths practiced in north america including major world religions and emerging sects cults and movements

this dissertation provides an empirical account of the connection between megachurch aesthetics and the broader cultural movement towards mediated social life it takes as its object a pioneering and influential megachurch and media ministry the crystal cathedral in garden grove california 1955 present by tracing the ministry s formation through three distinct iterations drive in church 1955 1961 walk in drive in television church 1962 1980 and monumental media space 1980 present i will show how the production of the megachurch helped legitimate the conditions of increasingly networked social life by structuring experience from a sacred point of view leaf 3
